## LIVELY LITTLE TOWN OF MILTON

A Progressive, Intelligent and Aggressive Community of High Minded People.

COMPREHENSIVE, THOUGH BRIEF DESCRIPTION OF THE SCHOOLS, CHURCHES, BUSINESS HOUSES AND INDUSTRIES OF SANTA ROSA'S CAPITAL.

Special to The Journal.

Milton, June 17.—Thinking a few words from Milton would be of interest to your numerous readers, I will improve the opportunity to write you concerning our little city. We beg to assure you that Milton is "no mean city."

Our people are intelligent, progressive and aggressive. Improvement is the order of the day. Morally, intellectually and politically, our people are advancing. Nearly all of our business men are conscientious Christian men, and those who are not members of some church have attained a high degree of moral excellence, which challenges the respect and admiration of all good people. As to intelligence, our people will compare favorably with other localities. You may go where you will and it would be hard to find a cleaner, a more intelligent and progressive body of men than we have in Milton. Politically, we endeavor to rise above all mere partisan feeling, and unite in demanding of our rulers the best government it is possible for them to give us. Our public officers are a terror to evildoers. They believe in a thorough enforcement of law.

Milton has four attorneys, and every one of them high-minded Christian gentlemen, of whom our people are justly proud.

Our business prospects are fairly bright. We have ten general stores, all doing a good business. We have three drug stores, one jewelry store, two millinery stores, two meat markets, two livery stables, and other places of business we cannot now mention; all are doing a satisfactory business. Unity and peace prevails among our business men.

Our public schools are in a most flourishing condition; they are second to none in this section of the country. We have been favored with the services of the best educators in the country, hence our schools have been brought up to a high standard of excellence.

We have four churches: Baptist, Methodist, Presbyterian and Episcopal. All have settled pastors and are enjoying a good degree of prosperity.

The latest surprise to our people, is the bright prospect of a new railroad. The survey has already been made to Milton, and it is thought by those best informed, that the new road will surely be built in the near future.

There is not a more inviting locality in this section of the country where families may locate, and find almost ideal homes. Those looking for a good location, where all the environments of the surrounding country are so inviting, would do well to come to Milton, and investigate for themselves before locating elsewhere.

Our people hail with great delight the return of Senator West, from the legislature of our state. To say that he has been a faithful servant is putting it very mildly. We are informed that every bill that he introduced was enacted into law. This speaks volumes for Santa Rosa's favorite senator.

While Senator West does not aspire to gubernatorial honors, the people of Santa Rosa wish it distinctly understood that he combines the necessary qualifications for an excellent governor. Please do not lose sight of this fact.

Representative Harvell is also held in very high esteem by our people, and regarded as one of the cleanest and most conscientious men ever sent to our legislature. He has richly earned the high encomiums that have been awarded him by an appreciative constituency.
